

General Information

Registration, Accommodation and Travel Grants

The registration to the congress is solely possible online via the registration platform stated on the homepage.

The Congress Organization offers hotel rooms at favourable rates in Porto for all congress delegates. All listed hotels are located centrally and are well connected by public transport. Thus, the congress venue, the Alfândega Congress Centre, can be reached easily and quickly. Accommodation can be booked through the HRS online reservation platform indicated on the homepage.

The Congress Organizers are furthermore delighted to announce that EUROTOX 2015 will provide a number of bursaries for attendance at the congress. Bursaries are available to all and are particularly welcome from individuals from low and lower-middle income economies. Details and instructions are stated on the homepage www.eurotox2015.com.

Deadline for Travel Bursary Applications: 15 April, 2015

Deadline for Early Bird Registration: 29 May, 2015

Exhibition & Sponsorship Opportunities

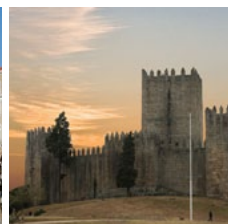

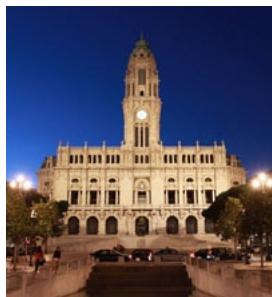

The congress organizers provide excellent opportunities for companies of all scale to effectively present themselves by means of an exhibition stand or sponsorship package in order to build brand awareness and for networking: Get in touch with your potential customers and strengthen business relationships with your clients at EUROTOX 2015!

The exhibition will run for three days (Sunday – Tuesday), taking place in the heart of the Alfândega Congress Centre Porto, close to the session rooms. The spacious and beautiful exhibition area will also host the coffee/lunch break area as well as the poster area. Therefore, a constantly high delegate frequentation of the booths during the breaks and extended poster viewing slots will be guaranteed to maximise networking and presentation opportunities, resulting in a successful congress for all industry partners.

For more information regarding exhibition and sponsorship opportunities, please contact the Congress Organization. We will be happy to send you all relevant information and a tailor-made offer on request.

Deadline Exhibitor Application: 31 July, 2015

EUROTOX 2015

PORTO - PORTUGAL

51st Congress of the European

Societies of Toxicology

Bridging Sciences for Safety

13–16 September 2015

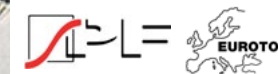

Porto, Portugal

Call for Abstracts

Deadline Abstract Submission: 31 March, 2015

Deadline Early Bird Online Registration: 29 May, 2015

www.eurotox2015.com

Welcome to Porto

The Portuguese Society of Pharmacology is proud to host the 2015 Edition of the EUROTOX congress at Porto, Portugal.

We kindly invite you to actively participate and effectively represent your scientific work and/or institution at Europe's biggest toxicologists meeting. The congress is focused on expertise exchange, innovation and education. The versatile conference topics will cover all relevant aspects and the latest trends in the field of toxicology. We expect about 1,500 participants from Europe and abroad.

Featuring in the UNESCO's World Heritage list, since 1996, warrants Porto's natural, cultural and historical attraction. Porto is also renowned for its gastronomy and the famous Port wines.

The University of Porto origins date back to the eighteenth century and it is currently the largest education and research institution in Portugal.

We are honoured to welcome the EUROTOX attendants from all over the world in order to offer the opportunity to not only establish and reinforce scientific networks and share the advancements and insights in Toxicology, but also to experience our hospitality.

We are looking forward to meeting you in Porto!

The EUROTOX 2015 Organizing Committee

Why visiting Portugal?

- ▶ Portugal has a unique cultural and historic heritage, with an amazing variety of land-scape, customs, cuisine, and architecture
- ▶ Portugal's gastronomy – The gastronomy of Portugal is as rich and varied as its land-scape and heritage, accompanied with exceptional and unique table and fortified wines, such as the Porto, Madeira and Moscatel wines.
- ▶ Portugal is a golfer's paradise. Not only because it boasts more than 70 courses, but because the mild climate makes it possible to play all year round.
- ▶ Portugal offers adventure and excitement
- ▶ and so much more ...

Congress Venue

Alfândega Congress Centre Porto
Rua nova da Alfândega
Edifício da Alfândega
4050-430 Porto, Portugal

Programme Highlights

The EUROTOX 2015 Scientific Programme Committee has prepared an exciting scientific programme, highlighting the latest research results and trends in the field of toxicology. For a detailed programme schedule, please visit the home-page www.eurotox2015.com

Continuing Education Courses (CEC)

CEC1: Removing Obstacles on the Way to Implement 3R Methods in Toxicology

CEC2: Revisiting the Challenges Posed by New Recreational Drugs

CEC3: Thresholds of Toxicological Concern – Basics and Latest Developments

CEC4: Evaluating and Expressing Uncertainty in Hazard Characterization: New Guidance from the World Health Organization

CEC5: Co-Exposure Risk Assessment: Approaches and Options for Prioritisation and Refinement

CEC6: Modern Risk Assessment in Food Safety

Keynotes and Hot Topic Sessions

Opening Keynote:

Systems Medicine, Microbiomes and Personalised Healthcare (Jeremy Nicholson, UK)

Keynote Lecture of the Bo Holmstedt Memorial Fund

EUROTOX-SOT Debate:

In Vitro Alternatives Are Ready to be Implemented And Relied Upon For Human Safety Testing (EUROTOX: Maurice Whelan, Italy / SOT: George Daston, USA)

Keynote:

Challenges for a Full Replacement of Animal Models to Assess Immunotoxicity (Emanuela Corsini, Italy)

Hot Topic:

Identifying and Prioritising Emerging Issues in Human & Environmental Sciences

Symposia

Symposium S1: Experiences of Substance Evaluation under REACH - Perspectives from ECHA, Member States and Industry

Symposium S2: New Advances in In Vivo Mutagenicity Testing and Application in the Regulatory Setting

Symposium S3: Reactive Metabolites and Molecular Mechanisms of Adverse Drug Reactions

Symposium S4: Challenges for Combined Effects of Chemical Mixtures in Risk Assessment

Symposium S5: Environment, Epigenetic Mechanisms and Immunotoxicology

Symposium S6: Emerging Drugs of Abuse – An Increasing Problem also in Toxicology

Symposium S7: MicroRNAs- Mediators and Markers of Chemically-Induced Toxicity

Symposium S8: Long-Term Effects of Pre- and Early Postnatal Exposure to Environmental Contaminants

Symposium S9: Pharmacovigilance: Rational and Safe Use of Drugs

www.eurotox2015.com

Programme Highlights

Workshops

Workshop W1: Natural and Process-Related Carcinogens in Food: How Should the Risk be Assessed?

Workshop W2: Nanotoxicology Modelling for Risk Assessment: The Regulators' Dilemma

Workshop W3: Opportunities to Enhance Quality and Impact of Omics Sciences

Workshop W4: Replacing Repeated Dose Toxicity Studies for Risk Assessment With New Technologies: Progress to Date

Workshop W5: Drug Induced Liver Injury: Prediction Based on Preclinical Approaches

Workshop W6: Needs and Challenges in Developing a Weight of Evidence Approach for Endocrine Disruptors

Workshop W7: Molecular Stress at Mucosal Surfaces: Contribution to Adverse Immune Responses

Workshop W8: Doping in Sports: A Toxicological Perspective

Workshop W9: Toxicological and Ecotoxicological Aspects of Metal Based Nanomaterials

Workshop W10: Toxicokinetic Modelling as an Integrating Principle in Non-Animal Toxicity Testing

Workshop W11: ABC Transporters as Important Key in Xenobiotic (Pharma) Toxicokinetics

Workshop W12: Physiology of Infant Skin and Considerations for Quantitative Risk Assessment of Dermal Applied Substances

Workshop W13: Non-Monotonic Dose-Response Curve in Hormonally Active Substances

Workshop W14: Alternative Toxicity Testing Using Multicellular in Vivo Models

Poster Sessions

Two Poster Sessions will be held on 14 and 15 September, 2015, in the Exhibition Area granting poster authors and visitors plenty of time to present and discuss the latest research results and advancements in the field of toxicology.

Abstract Submission

The whole Organizing and Scientific Committee cordially invites you to join us at this occasion and warmly welcomes all novel contributions for poster presentations.

The abstract submission for the congress is solely possible online via the online submission platform. The link, submission topics and detailed instructions can be found online at www.eurotox2015.com

Deadline for Abstract Submission: 31 March, 2015

www.eurotox2015.com
